Benefits are not payable in connection with a Pre-Existing Condition during the initial 12 consecutive months the Insured Person has been enrolled for coverage. A Pre-Existing Condition means any Sickness or Injury for which an Insured Person received any diagnosis, medical advice or treatment or had taken any prescription medicines during the 24 months immediately preceding the effective date of the Insured Person's coverage under the Policy. Pregnancy is considered a pre-existing condition if conception occurs prior to the effective date of the Insured Person's coverage under the Policy.
